

SONS OF NORWAY FOUNDATION IN CANADA NATIONAL DIRECTOR & WEBMASTER

AGM 2024 REPORT

National Director

On behalf of the Foundation, I finalized and sent forward 'Greetings' to the Dawson Creek Lodge for its 60th anniversary celebrations and to the District 4 Convention Committee, in Bismarck, N.D. for its booklet.

I have been available for questions, have information on hand, and have ensured that there is a clickable link to SONFIC from Solglyt Lodge 4-143 and that grants and bursary deadlines were displayed on the Solglyt site. A link was posted on the Solglyt FaceBook page with information regarding SONFIC student funding. I can confirm there is a link on the Sons of Norway – sofn.com – website to our Foundation.

Webmaster

The following information pertains to website maintenance and updating over the past year:

- The webserver software continues to be updated to reduce the risk of malware.
- The five domain names registered to the Foundation have been renewed for another year. Four of these are reserved, at a cost of roughly \$60, to prevent other people using them for malicious purposes.
- Various updates have been made throughout the year to website content and application forms.
- Once again, email – spam and hijacking – has been the biggest issue.

The 2024 AGM documentation received is on the SONFIC site and the 2023 AGM Reports are archived. The 2024 Reports will be archived post-AGM.
